

TC-12N

Universal Multifunction Timer

Multi-voltage timer with 7 knob-selectable functions and time ranges from 0.1s to 100h.

Housing is 17.5 mm wide for SPDT version suitable for back and front panel mounting. DIN rail mountable. Wide power supply range.

Operation voltage from 12 VAC/DC - 240 VAC/DC

Selectable function settings:

- Op - delay on operate
- In - interval
- Io - interval on trigger open
- Id - double interval
- Dr - delay on release
- R - symmetrical recycler ON first
- Rb - symmetrical recycler OFF first

Output Specifications:

- Rated Insulation Voltage: 250 VAC
- Mechanical Life: > 30 x 10⁶ operations
- Electrical Life: > 10⁵ operations
- Operating Frequency: < 7200 operation/h

Time Ranges

knob selectable

- | | |
|-----------|------------|
| 0.1 to 1s | 0.1 to 1h |
| 1 to 10s | 1 to 10h |
| 6 to 60s | 10 to 100h |

Relay:

SPDT Contact

- AC 1 : 5A @ 250 VAC
- DC 12 : 5A @ 24 VDC
- AC 15 : 2.5A @ 250 VAC
- DC 13 : 2.5A @ 24 VDC
